WELCOME TO JACUZZI® BATHS

Introducing the Bianca™ Freestanding Whirlpool Bath

Our revolutionary new seamless freestanding Whirlpool bath delivers exclusive Jacuzzi® hydromassage features in a fully enclosed jetted system. With Whisper+ Technology™ as standard equipment, the Bianca™ bath invites you to enjoy the natural sound of moving water in a luxury vessel.

THE JACUZZI® BRAND

EARLY The seven Jacuzzi brothers emigrated from Italy to California. Hard-working inventors, **1900s** they broke new ground in aviation and agricultural hydraulics.

1956 Brother Candido Jacuzzi developed the J-300™ pump to provide pain-relieving hydrotherapy to his son, who suffered from arthritis.

1968 Third-generation Roy Jacuzzi designed the jetted bath, which led to the modern hot tub era.

2000 Jacuzzi became a global corporation holding more than 250 patents worldwide.

TODAY Jacuzzi Luxury Bath brings the industry full circle by introducing the exclusive freestanding Whirlpool baths.

California Design Crafted in Georgia

From our design engineers in California to our tradespeople in Georgia, we take pride in carrying on the Jacuzzi® legacy of quality. First to transform bathing into an experience, Jacuzzi leads the industry with new product styles and innovative hydrotherapy. Jacuzzi® baths and showers are shipped from Georgia for delivery across North America.

EXPERIENCE JACUZZI® BATHS

Soaking

Modern science tells us why the ancient ritual of soaking in a warm bath is so restorative: hot water immersion has proven hydrotherapeutic powers. Increased circulation prompts the body's natural relaxation and healing mechanisms.

Heated Soak

The new Heated Soak experience allows for a longer soak without adding more hot water. Two mini jets circulate warm water continuously for a long, relaxing soak.

Pure Air®

Small bubbles of air in warm water create a revitalizing effect. In the Pure Air® bath experience, 360-degree air inlets burst with effervescence, stirring up a whole body massage that reduces tension and stress, and leaves skin with a healthy glow.

Whirlpool

The Jacuzzi® Whirlpool bath experience has been unmatched since its commercialization in 1956. Including patented jets like TargetPro™, ours is truly a unique brand of Whirlpool action. Jacuzzi® jet systems push high volumes of water uniquely mixed with air into a swirling bath. The result is a targeted massage stream with staying power.

Salon® Spa

An intense Jacuzzi® Whirlpool massage or the soothing Pure Air® bubbling air bath? The Salon® Spa offers both experiences in one luxurious bath. The Whirlpool jets effectively massage away muscle soreness and ease joint pain. Pure Air® bubbles relax and rejuvenate. In all, there are more than a dozen personalized hydromassage options in the Salon® Spa.

WATER THAT MOVES YOU™

Hydrotherapy

Jacuzzi® baths are designed to maximize the benefits of hydrotherapy. Deeper than traditional baths, Jacuzzi® bathtubs are ergonomically shaped so people of all body types can fully immerse in warm water.

WHY SOAKING MAKES YOU FEEL BETTER

A warm water bath can help reduce stress and promote healing. Soaking in warm water induces "systemic heating," a deep heat that can increase muscle temperature to improve circulation and boost oxygen levels in blood cells. It has also been shown to alleviate the discomfort of stiff joints and muscles, and ease tension.

NEW HEATED SOAK

The Heated Soak experience by Jacuzzi Luxury Bath keeps the water warm without needing to add more hot water.

Two mini jets circulate warm water continuously for a long, relaxing soak.

FOUR BENEFITS OF A FULL-BODY SOAK

- Relieves the weight of gravity on joints
- Provides 360-degree support for sore and tired limbs
- Decreases swelling and inflammation
- Increases circulation and oxygen in blood cells

TLC THERMAL LUMBAR COMFORT™ air injectors target relief to the lower lumbar area, a common trouble spot. TLC is part of the Pure Air® bath experience.

Hydromassage

WHAT MAKES JACUZZI® HYDROMASSAGE EFFECTIVE

Gentle pressure on muscle tissue increases circulation. This stimulates blood flow, which can help muscles and joints recover from fatigue or injury, and makes it easier to move.

The exclusive, patented TargetPro™ jet system creates specific massage types for different areas of the body. You can personalize the experience by adjusting the direction and intensity of the jet stream.

Sitting or standing for hours can slow circulation. Adjustable TargetPro™ jets help stimulate and direct blood flow where it's needed.

HYDROMASSAGE SOOTHES FATIGUE

- Relieves tension and prevents back strain
- Energizes circulation after sitting for long periods
- Promotes flexibility in hard-working calf muscles
- Sends massaging warmth to joints and sore feet

BEHIND THE SCENES

Why a Jacuzzi® Bath is the Right Choice

Illustrations are based on the ELARA® Salon® Spa.

Not all features are available on all models.

*Finestra® is the exception.

OPTIONAL

Our experienced engineers and technicians continue to develop new products that are backed by the latest research in science and technology, from the materials used for construction to the demonstrated positive effects of hydrotherapy. The exclusive Jacuzzi® warranty is your assurance of quality.

JACUZZI® JETS & PUMPS

Personalized Hydromassage

JACUZZI® AQUALIBRIUM®

A perfect balance of air and water is vitally important to the quality of any whirlpool system. A jetted water stream that flows smoothly all around, from the outer edges to the core, delivers an effective massage without being overly aggressive. Jacuzzi® jets maintain an optimal mix of air and water to create a high-flow, low-pressure massage.

Technology Upgrades

WHISPER TECHNOLOGY™

A vibration-reducing mount allows you to enjoy the peace and quiet of a jetted bath with less noise and vibration.

WHISPER+ TECHNOLOGY™

This unique technology reduces noise and vibration up to 66% compared to standard whirlpool baths.* The moving water simply sounds like relaxing waves.

It's also eco-friendly, using 60% less energy than a standard heated whirlpool system.** The brushless motor transfers heat energy back into the water to keep the water warm. With the motor mounted on the unique vibration-absorbing base, Whisper+ takes quiet to a new level.

*Based on results at a third party test facility.

Elara® standard 120v Whirlpool bath vs. Elara® Whisper+ Technology™ 120v Whirlpool bath.

**Based on results at a third party test facility.

Elara® standard 120v Whirlpool bath with heater vs. Elara® Whisper+ Technology™ 120v Whirlpool bath.

Our Jets

Jacuzzi® jets are engineered to provide a variety of high-performance hydromassage options. Adjustable jets allow you to personalize the experience by adjusting their direction and intensity.

ROTATING NECK JET

The best performing spinner jet in the industry offers unparalleled neck and shoulder massage.

ACCUPRO™ JET

AccuPro™ jets are highly adaptable, with directional adjustability. True to their name, these medium-sized jets accurately target the back and feet.

SLIMPRO® JET

Powerful ultra-low profile SlimPro® jets are the precision-focused stars of the system. Sleekly designed, they lie flush along the bathtub walls for added comfort and a subtle look.

TARGETPRO™ JET

The patented TargetPro™ jet is our exclusive, high-flow jet that's powerful as well as nimble. You decide on the intensity and direction of the water stream – these fully adjustable jets are built for a personalized hydromassage experience.

PATENTED TARGETPRO™ JET

Exclusively developed by
Jacuzzi Luxury Bath

AESTHETICS

Contemporary styling features
tapered edges and a choice of finishes.

DIRECTIONAL CONTROL

Change jet direction up to 60 degrees
to target specific areas of the body.

HIGH PERFORMANCE

Jets and pump provide adjustable
flow rate and an optimal air-water mix.

ADJUSTABILITY

A twist of the jet can increase or
decrease intensity, or close a
jet completely.

CLEANABILITY

Smooth jet surfaces simplify cleaning.

CLEANLINE® SYSTEM

Engineered to provide a cleaner bathing experience

CLEANLINE®

All water pipes have anti-microbial additives to ensure the purity and durability of jetted pipes in Heated Soak, Whirlpool and Salon® Spa bathtubs.

AUTO-DRI™

The pre-programmed Auto-Dri™ feature drives excess water from lines in Salon® Spa and Pure Air® bathtubs.

DRAIN-DOWN PLUMBING

Drain-down plumbing in Salon® Spa, Pure Air®, Whirlpool and Heated Soak baths helps properly drain water lines.

SYSTEMS CLEAN™

Jacuzzi® Systems Clean™ can be used to quickly deep clean, sanitize and deodorize Heated Soak, Whirlpool and Salon® Spa baths.

BATH CONTROLS

Discover Your Preferences

Jacuzzi takes the industry lead by making sophisticated electronic bath controls a standard feature.

Intuitive design makes Jacuzzi® bath controls easy to use, whether you are adjusting the Chromatherapy lighting on the J2 or J4 controls, or storing your hydromassage preferences in the upgraded J5 LCD control panel.

J2

ELECTRONIC CONTROLS

- On/off
- Scroll through colors and dim lights

Upgrade to a programmable full-color LCD screen and personalize your bathing experience even more. Choose from a quick-start menu or store your preferences in memory.

LIGHTING

FUZION® BATH
LIGHTED
NECK-MASSAGING
WATERFALL

CHROMATHERAPY

CHROMA: A quality of color combining hue and saturation.

Chromatherapy is the use of color and light to restore balance and well-being. All the colors found in nature come from light, each one having a specific frequency and vibration that can influence our physical and psychological state.

Studies have shown how color and light affect learning, productivity and health. The impact of colored-light medical treatments has also been well documented.

WATER, LIGHT AND COLOR

Jacuzzi® Chromatherapy features LED lighting through a wall-mounted lens(es). Program a spectrum of colors and light intensities for a naturally beneficial experience. Chromatherapy is standard on select models and available as an upgrade on others.

Chromatherapy is also available as a lighted neck-massaging waterfall feature on select Fuzion® bathtubs.

ILLUMATHERAPY™

Color and light sparkle from within four patented TargetPro™ jets. Exclusive technology used in the Illumatherapy™ LED lighting upgrade adds highly saturated color to the bathing well.

Programming lets you choose from a spectrum of colors and light intensities for a unique experience every time you bathe.

COLOR MOODS

RED: Fire, intensity and alertness. Stimulating and energizing, the color red can increase blood flow and body temperature for improved vitality. Pink, on the other hand, has a pacifying effect.

GREEN: Nature, health and harmony. Said to be useful in quieting the nervous system and boosting immunity, green bestows a comforting effect which may help fight insomnia.

BLUE: Sky and ocean, coolness and calm. Blue Chromatherapy encourages you to breathe naturally and let go of muscle tension. Studies have shown that blue-light therapy can help lower blood pressure and reduce inflammation.

YELLOW: Sunshine, joy and intellect. A hydromassage in luminous warm water could inspire creative thinking and a sense of satisfaction.

ALLUSION®

ALLUSION® makes a contemporary style statement, and you control the mood by choosing from a range of Chromatherapy lighting options. Whisper Technology™ reduces noise and vibration for a more serene hydromassage session.

QUICK GUIDE TO THE BATHS

The lines, curves and dimensions of a Jacuzzi® bath do more than just stand there and look pretty.

Every element of our baths is truly designed to create WATER THAT MOVES YOU™.

Choose from four types of Jacuzzi® experiences, each one available in a range of styles and sizes.

S

SOAKING

- Classic bathing experience
- Immersion produces proven hydrotherapeutic benefits
- Bathtubs designed for comfort and manufactured for durability

HS

HEATED SOAK

- Allows for a longer soak without adding more water
- Two mini jets circulate warm water continuously
- Heated Soak experience available on select families

PA

PURE AIR® BATH

- Invigorating air bubbles provide a gentle massage
- 360-degree air channels create a relaxing, full-body experience
- TLC Thermal Lumbar Comfort™ is a Jacuzzi® Brand exclusive
- Auto-Dri™ cycle activates after bath

WP

WHIRLPOOL

- First jet pump invented by Jacuzzi in 1956
- Patented TargetPro™ jets
- Original air and water therapeutic massage
- Customizable jet-flow intensity and direction
- Cleanline® system standard
- Illumatherapy™ and Chromatherapy options available

SS

SALON® SPA / COMBINATION

- Combination of Whirlpool and Pure Air® baths
- Patented TargetPro™ jets
- Personalized massage options
- RapidHeat™ heater included to keep water warm
- Chromatherapy lighting comes standard
- Auto-Dri™ cycle activates after bath
- Wave Mode goes from maximum- to no-air flow

JACUZZI® BRAND

Jacuzzi Group Worldwide is a global organization with more than 250 original product patents and thousands of employees. Valvasone, Italy, the Jacuzzi family's home of origin, is a key center of this worldwide network. Jacuzzi Luxury Bath is headquartered near Los Angeles in Chino Hills, California.

Globally known for luxury, Jacuzzi® Brand zealously researches science and technology advances to design and develop beautiful products for contemporary lifestyles. Since 1956, when Candido Jacuzzi commercialized the first at-home hydrotherapy pump, every product made by Jacuzzi has been created for the same reason: to provide a rejuvenating and refreshing hydrotherapeutic experience that revitalizes both body and spirit.

WARRANTY

Jacuzzi® baths are backed by one of the most comprehensive warranties in the industry and a nationwide service network. Jacuzzi Luxury Bath's Limited Lifetime Warranty is assurance that your bathtub investment will perform reliably for years to come.
